WRITING

Last week I was in Africa with my parents where we saw native tribes and a lot of dangerous animals like lions and gepards. When we arrived to the one of the cities on this continent we was shocked because of nature and people living here. 4

I think that the most important advantage of this trip was unusual experience. I was mesmerised by the nature of this continent endless deserts and oasises on this continent. Sometimes I was terrified because of ~~eat~~ meat-eating animals and huge insects. 4

The most visible disadvantages of the trip was the lack of ^{medicine} ~~net~~. We had to be as careful as we can because of many species of poison insects and animals, because if someone ~~for~~ the medicine in this region is really bad. 120

135 As someone who experienced many problems during this trip I can recommend to be very careful, because people here can steal your things without any hesitation and the nature here are very dangerous.
