*punc L/L* As you enter the place, you can see the old-fashioned interior and hear the music, played by real musicians on the stage. The food here tastes very fine, since the place is rated high on the most of internet-sources. The food is a bit expensive, but it's a small price for such masterpieces. All of these ~~factores~~ aspects create a perfect atmosphere for spending time with your friends and family.

*sp* Overall, I would rate this place ~~for~~ as ~~a~~ one of the best food places in the UK and I'd really recomend you to visit this reustaraunt.
